Dear Parent/Guardian:

Our Jump Start course through the Fair Lawn Community School is intended for students who will be entering grades Kindergarten through 8th Grade in September 2020. All courses are taught by certified and experienced teachers and provide students with reading and math support that is aligned with the district's curriculum. Courses are designed for students who need to continue to review grade level concepts as well as provide practice for additional skill building. Students will engage in meaningful and motivating activities to develop and support both reading and math practices. In this class, they are afforded many opportunities to interact with text and work cooperatively in a classroom setting. Elementary students will be taught reading in a literacy rich environment. The basic skills of using story elements as well as foundation skills, print concepts, oral language/vocabulary acquisition, and decoding and phonetic practices will be implemented in this course. Your children will get ready for next year relaxed and renewed with enthusiasm for the printed word utilizing computers for programs such as Razz Kids, Reading A-Z, and others. Middle School children will engage in various reading activities such as Achieve 3000, book club, and other programs.

Students will also review and be introduced to basic mathematic skills and concepts in line with the everyday Math program. Small group instruction and collaborative teaching will be implemented to improve children’s math skills. Children will be exposed to grade level content and will practice these skills through a variety of activities including Smart Board lessons and Everyday Math games. Middle school students will work with programs such as I-Excel, and strengthen their fractions and decimal skills. They will be prepared and enthusiastic about the New School Year!

The classes will meet for four weeks, July 13th through August 6th. If only two weeks are preferred it must be July 13th through July 23rd in order to maintain continuity in the program. Classes begin at 8:45am and conclude at 11:45am. All classes meet on Monday through Thursday and are offered at: Warren Point Elementary School (K-8).

Fee for the full four week session: $324.00 plus a $40 registration fee
Fee for the first two weeks only: $185.00 plus a $40 registration fee

DON'T MISS OUT ON THIS OPPORTUNITY FOR YOUR CHILD!

SPACE IS LIMITED, ENROLL TODAY!!!
